### Fee Breakdown:

**Who can use the center?** As a fee based facility, there are no residency requirements.

**Can I leave my items if the center is closed?** The center is under 24 hour video surveillance and leaving your items during closed hours is considered illegal dumping. The County will prosecute illegal dumpers to the fullest extent of the law.

**The Center's Purpose:** The center was created as a stopgap solution to the failure of Pennsylvania's 2010 electronics recycling law (Covered Device Recycling Act) to provide convenient, manufacturer funded electronics recycling to all of Pennsylvania. Under the law, certain electronics are banned from disposal and must be recycled; however, the formula for calculating the portion that manufacturers must pay for is flawed and results in significant shortcomings.

The Cumberland County Commissioners continue to work with legislators to identify shortfalls of the existing legislation and develop long-term sustainable electronics recycling solutions.
